

BOWL CIRCUS

Place: BowlCircus, Flamingo Family Entertainment Centre, Finland

BowlCircus is a totally new bowling alley concept, where exciting visuals, audio entertainment and sport all meet together. Behind the BowlCircus bowling experience is an impressive amount of cutting edge audio visual technology – even more than in nightclubs!

The FogScreen projection screen is installed at the entrance to the bowling entertainment centre with constantly changing dynamic branding, advertisement and high impact, attention grabbing visual effects.

”

“— The FogScreen projection screen is at the entrance to the bowling entertainment centre and immediately begins the visitors' bowling experience, capturing their imagination and transporting them into an exciting fantasy world —”,

Kimmo Lehtonen
Managing Director
